Process #	Activity Name	Geography
1	[sulfonyl]urea-compound production	RoW
2	[sulfonyl]urea-compound production	RER
3	market for [sulfonyl]urea-compound	GLO
4	[thio]carbamate-compound production	RoW
5	[thio]carbamate-compound production	RER
6	market for [thio]carbamate-compound	GLO
7	1,1-difluoroethane production	RoW
8	1,1-difluoroethane production	US
9	market for 1,1-difluoroethane	GLO
10	hydrocarbons purification, molecular sieve separa	RoW
11	hydrocarbons purification, molecular sieve separa	RER
12	market for 1,1-dimethylcyclopentane	GLO
13	allyl chloride production, reaction of propylene and	RoW
14	allyl chloride production, reaction of propylene and	RER
15	market for 1,3-dichloropropene	GLO
16	1,4-butanediol production	RoW
17	1,4-butanediol production	RER
18	market for 1,4-butanediol	GLO
19	1-methoxy-2-propanol production	GLO
20	market for 1-methoxy-2-propanol	GLO
21	1-methylcyclopropene production	GLO
22	market for 1-methylcyclopropene	GLO
23	1-naphthylacetic acid production	GLO
24	market for 1-naphthylacetic acid	GLO
25	market for 1-pentanol	GLO
26	pentanols production, hydroformylation of butene	RoW
27	pentanols production, hydroformylation of butene	RER
28	1-propanol production	RoW
29	1-propanol production	RER
30	market for 1-propanol	GLO
31	synthetic fuel production, from coal, high tempera	ZA
32	hydrocarbons purification, molecular sieve separa	RoW
33	hydrocarbons purification, molecular sieve separa	RER
34	market for 2,3-dimethylbutane	GLO
35	2,4-dichlorophenol production	RoW
36	2,4-dichlorophenol production	RER
37	market for 2,4-dichlorophenol	GLO

38	2,4-dichlorotoluene production	RoW
39	2,4-dichlorotoluene production	RER
40	market for 2,4-dichlorotoluene	GLO
41	2,4-dinitrotoluene production	RoW
42	2,4-dinitrotoluene production	RER
43	market for 2,4-dinitrotoluene	GLO
44	2,4-di-tert-butylphenol production	GLO
45	market for 2,4-di-tert-butylphenol	GLO
46	2,5-dimethylhexane-2,5-dihydroperoxide production	GLO
47	market for 2,5-dimethylhexane-2,5-dihydroperoxide	GLO
48	2,6-di-tert-butylphenol production	GLO
49	market for 2,6-di-tert-butylphenol	GLO
50	2-butanol production by hydration of butene	RoW
51	2-butanol production by hydration of butene	RER
52	market for 2-butanol	RoW
53	market for 2-butanol	RER
54	2-cyclopentanone production, decarboxylative cycloaddition	RoW
55	2-cyclopentanone production, decarboxylative cycloaddition	RER
56	market for 2-cyclopentanone	GLO
57	market for 2-methyl-1-butanol	GLO
58	pentanols production, hydroformylation of butene	RoW
59	pentanols production, hydroformylation of butene	RER
60	2-methyl-2-butanol production	RoW
61	2-methyl-2-butanol production	RER
62	market for 2-methyl-2-butanol	GLO
63	2-nitroaniline production	RoW
64	2-nitroaniline production	RER
65	market for 2-nitroaniline	GLO
66	2-pyridinol production	RoW
67	2-pyridinol production	RER
68	market for 2-pyridinol	GLO
69	market for 3-methyl-1-butanol	GLO
70	pentanols production, hydroformylation of butene	RoW
71	pentanols production, hydroformylation of butene	RER
72	3-methyl-1-butyl acetate production	RoW
73	3-methyl-1-butyl acetate production	RER
74	market for 3-methyl-1-butyl acetate	GLO
75	3-methylpyridine production	RoW
76	3-methylpyridine production	RER
77	market for 3-methylpyridine	RoW
78	market for 3-methylpyridine	RER
79	4-methyl-2-pentanone production	RoW
80	4-methyl-2-pentanone production	RER
81	market for 4-methyl-2-pentanone	GLO
82	4-tert-butylbenzaldehyde production	RoW
83	4-tert-butylbenzaldehyde production	RER
84	market for 4-tert-butylbenzaldehyde	GLO
85	4-tert-butyltoluene production	RoW
86	4-tert-butyltoluene production	RER
87	market for 4-tert-butyltoluene	RoW
88	market for 4-tert-butyltoluene	RER
89	6-benzyladenine production	GLO
90	market for 6-benzyladenine	GLO
91	abrasive blasting, alumina, carbon steel substrate	GLO

92	market for abrasive blasting, alumina, carbon steel	GLO
93	absorption chiller production, 100kW	CH
94	absorption chiller production, 100kW	RoW
95	market for absorption chiller, 100kW	GLO
96	acetaldehyde production, ethylene oxidation	RoW
97	acetaldehyde production, ethylene oxidation	RER
98	market for acetaldehyde	GLO
99	acetamide-anilide-compound production, unspecified	RoW
100	acetamide-anilide-compound production, unspecified	RER
101	market for acetamide-anilide-compound, unspecified	GLO
102	acetanilide production	RoW
103	acetanilide production	RER
104	market for acetanilide	GLO
105	acetic acid production, from acetaldehyde oxidation	RoW
106	acetic acid production, from acetaldehyde oxidation	IN
107	acetic acid production, from acetaldehyde oxidation	RER
108	acetic acid production, from acetaldehyde oxidation	UN-EASIA
109	acetic acid production, from acetaldehyde oxidation	US
110	acetic acid production, from high-pressure methanol	RoW
111	acetic acid production, from high-pressure methanol	IN
112	acetic acid production, from high-pressure methanol	RER
113	acetic acid production, from high-pressure methanol	UN-EASIA
114	acetic acid production, from high-pressure methanol	US
115	acetic acid production, from low-pressure methanol	RoW
116	acetic acid production, from low-pressure methanol	IN
117	acetic acid production, from low-pressure methanol	RER
118	acetic acid production, from low-pressure methanol	UN-EASIA
119	acetic acid production, from low-pressure methanol	US
120	acetic acid production, from n-butane oxidation	RoW
121	acetic acid production, from n-butane oxidation	IN
122	acetic acid production, from n-butane oxidation	RER
123	acetic acid production, from n-butane oxidation	UN-EASIA
124	acetic acid production, from n-butane oxidation	US
125	acetic acid production, from naphtha oxidation	RoW
126	acetic acid production, from naphtha oxidation	IN
127	acetic acid production, from naphtha oxidation	RER
128	acetic acid production, from naphtha oxidation	UN-EASIA
129	acetic acid production, from naphtha oxidation	US
130	acetic anhydride production, acetaldehyde oxidation	RoW
131	acetic anhydride production, acetaldehyde oxidation	RER
132	acrylic acid production, propylene oxidation	RoW
133	acrylic acid production, propylene oxidation	RER
134	market for acetic acid	GLO
135	acetic anhydride production, acetaldehyde oxidation	RoW
136	acetic anhydride production, acetaldehyde oxidation	RER
137	acetic anhydride production, acetic acid pyrolysis,	RoW
138	acetic anhydride production, acetic acid pyrolysis,	RER
139	market for acetic anhydride	GLO
140	acetoacetic acid production	RoW
141	acetoacetic acid production	RER
142	market for acetoacetic acid	GLO
143	acetone cyanohydrin production	RoW
144	acetone cyanohydrin production	RER
145	market for acetone cyanohydrin	RoW

146	market for acetone cyanohydrin	RER
147	acetic acid production, from n-butane oxidation	RoW
148	acetic acid production, from n-butane oxidation	IN
149	acetic acid production, from n-butane oxidation	RER
150	acetic acid production, from n-butane oxidation	UN-EASIA
151	acetic acid production, from n-butane oxidation	US
152	acetone production, from isopropanol	RoW
153	acetone production, from isopropanol	RER
154	market for acetone, liquid	RoW
155	market for acetone, liquid	RER
156	phenol production, cumene oxidation	RoW
157	phenol production, cumene oxidation	RER
158	resorcinol production, hydroperoxidation of meta-	GLO
159	synthetic fuel production, from coal, high tempera	ZA
160	acrylonitrile production, Sohio process	RoW
161	acrylonitrile production, Sohio process	RER
162	market for acetonitrile	GLO
163	acetyl chloride production	RoW
164	acetyl chloride production	RER
165	market for acetyl chloride	GLO
166	acetylene production	RoW
167	acetylene production	RER
168	market for acetylene	RoW
169	market for acetylene	RER
170	acetonitrile production	RoW
171	acetonitrile production	RER
172	market for acetonitrile	GLO
173	acrolein production	RoW
174	acrolein production	RER
175	market for acrolein	GLO
176	acrylic acid production, propylene oxidation	RoW
177	acrylic acid production, propylene oxidation	RER
178	market for acrylic acid	RoW
179	market for acrylic acid	RER
180	acrylic binder production, with water, in 54% soluti	RoW
181	acrylic binder production, with water, in 54% soluti	RER
182	market for acrylic binder, with water, in 54% soluti	RoW
183	market for acrylic binder, with water, in 54% soluti	RER
184	acrylic dispersion production, with water, in 58% s	RoW
185	acrylic dispersion production, with water, in 58% s	RER
186	market for acrylic dispersion, with water, in 58% s	RoW
187	market for acrylic dispersion, with water, in 58% s	RER
188	acrylic filler production	RoW
189	acrylic filler production	RER
190	market for acrylic filler	RoW
191	market for acrylic filler	RER
192	acrylic varnish production, with water, in 53% solu	RoW
193	acrylic varnish production, with water, in 53% solu	RER
194	market for acrylic varnish, with water, in 53% solu	RoW
195	market for acrylic varnish, with water, in 53% solu	RER
196	acrylonitrile production, Sohio process	RoW
197	acrylonitrile production, Sohio process	RER
198	market for acrylonitrile	GLO
199	acrylonitrile-butadiene-styrene copolymer producti	RoW

200	acrylonitrile-butadiene-styrene copolymer product	RER
201	acrylonitrile-butadiene-styrene, pellets, recycled	RER
202	market for acrylonitrile-butadiene-styrene copolym	GLO
203	market for acrylonitrile-butadiene-styrene, flakes,	RER
204	treatment of waste plastic, WEEE, recycling	RER
205	treatment of waste plastic, refrigerator, flakes, rec	RER
206	treatment of waste plastic, small domestic applian	RER
207	treatment of waste plastic, television, recycling	RER
208	market for acrylonitrile-butadiene-styrene, pellets,	RER
209	pelletising of acrylonitrile-butadiene-styrene	RER
210	treatment of waste plastic, consumer electronics, t	RER
211	treatment of waste plastic, refrigerator, pellets, rec	RER
212	activated bentonite production	DE
213	activated bentonite production	RoW
214	market for activated bentonite	GLO
215	activated carbon production, granular from hard co	RoW
216	activated carbon production, granular from hard co	RER
217	market for activated carbon, granular	GLO
218	treatment of spent activated carbon, granular from	RoW
219	treatment of spent activated carbon, granular from	RER
220	activated silica production	GLO
221	market for activated silica	GLO
222	adhesive mortar production	CH
223	adhesive mortar production	RoW
224	market for adhesive mortar	GLO
225	adhesive production, for metal	DE
226	adhesive production, for metal	RoW
227	market for adhesive, for metal	RoW
228	market for adhesive, for metal	RER
229	adipic acid production	RoW
230	adipic acid production	RER
231	market for adipic acid	GLO
232	adiponitrile production	RoW
233	adiponitrile production	RER
234	market for adiponitrile	RoW
235	market for adiponitrile	RER
236	adobe brick production	EC
237	adobe brick production	RoW
238	market for adobe brick	EC
239	market for adobe brick	RoW
240	agricultural machinery production, tillage	CH
241	agricultural machinery production, tillage	RoW
242	market for agricultural machinery, tillage	GLO
243	agricultural machinery production, unspecified	CH
244	agricultural machinery production, unspecified	RoW
245	market for agricultural machinery, unspecified	GLO
246	agricultural trailer production	CH
247	agricultural trailer production	RoW
248	market for agricultural trailer	GLO
249	air compressor production, screw-type compresso	RoW
250	air compressor production, screw-type compresso	RER
251	market for air compressor, screw-type compresso	GLO
252	air compressor production, screw-type compresso	RoW
253	air compressor production, screw-type compresso	RER

254	market for air compressor, screw-type compressor	GLO
255	air distribution terminal panel production, steel, 1	CH
256	air distribution terminal panel production, steel, 1	RoW
257	market for air distribution terminal panel, steel, 1	GLO
258	air filter production, central unit, 600 m3/h	RoW
259	air filter production, central unit, 600 m3/h	RER
260	market for air filter, central unit, 600 m3/h	GLO
261	air filter production, decentralized unit, 180-250 m3/h	RoW
262	air filter production, decentralized unit, 180-250 m3/h	RER
263	market for air filter, decentralized unit, 180-250 m3/h	GLO
264	air filter production, decentralized unit, 250 m3/h	RoW
265	air filter production, decentralized unit, 250 m3/h	RER
266	market for air filter, decentralized unit, 250 m3/h	GLO
267	air filter production, in exhaust air valve	RoW
268	air filter production, in exhaust air valve	RER
269	market for air filter, in exhaust air valve	GLO
270	air input/output unit production, heat and power co-generation	RoW
271	air input/output unit production, heat and power co-generation	RER
272	market for air input/output unit, heat and power co-generation	GLO
273	air separation facility construction	RoW
274	air separation facility construction	RER
275	market for air separation facility	GLO
276	aircraft production, agricultural	GLO
277	market for aircraft, agricultural	GLO
278	aircraft production, belly-freight aircraft, long haul	GLO
279	market for aircraft, belly freight, long haul	GLO
280	aircraft production, belly-freight aircraft, medium haul	GLO
281	market for aircraft, belly freight, medium haul	GLO
282	aircraft production, belly-freight aircraft, short haul	GLO
283	market for aircraft, belly freight, short haul	GLO
284	aircraft production, belly-freight aircraft, very short haul	GLO
285	market for aircraft, belly freight, very short haul	GLO
286	aircraft production, dedicated freight aircraft, long haul	GLO
287	market for aircraft, dedicated freight, long haul	GLO
288	aircraft production, dedicated freight aircraft, medium haul	GLO
289	market for aircraft, dedicated freight, medium haul	GLO
290	aircraft production, dedicated freight aircraft, short haul	GLO
291	market for aircraft, dedicated freight, short haul	GLO
292	aircraft production, dedicated freight aircraft, very short haul	GLO
293	market for aircraft, dedicated freight, very short haul	GLO
294	aircraft production, passenger aircraft, long haul	GLO
295	market for aircraft, passenger, long haul	GLO
296	aircraft production, passenger aircraft, medium haul	GLO
297	market for aircraft, passenger, medium haul	GLO
298	aircraft production, passenger aircraft, short haul	GLO
299	market for aircraft, passenger, short haul	GLO
300	aircraft production, passenger aircraft, very short haul	GLO
301	market for aircraft, passenger, very short haul	GLO
302	airport construction	RoW
303	airport construction	RER
304	market for airport	GLO
305	alfalfa-grass mixture production, Swiss integrated	CH
306	market for alfalfa-grass mixture, Swiss integrated	CH
307	alfalfa/grass silage production	CA-QC

308	alfalfa/grass silage production	RoW
309	alfalfa/grass silage production	ZA
310	market for alfalfa-grass silage	GLO
311	alkyd paint production, white, solvent-based, prod	RoW
312	alkyd paint production, white, solvent-based, prod	RER
313	market for alkyd paint, white, without solvent, in 6	RoW
314	market for alkyd paint, white, without solvent, in 6	RER
315	alkyd paint production, white, water-based, produc	RoW
316	alkyd paint production, white, water-based, produc	RER
317	market for alkyd paint, white, without water, in 60%	RoW
318	market for alkyd paint, white, without water, in 60%	RER
319	alkyd resin production, long oil, product in 70% wh	RoW
320	alkyd resin production, long oil, product in 70% wh	RER
321	market for alkyd resin, long oil, without solvent, in	RoW
322	market for alkyd resin, long oil, without solvent, in	RER
323	alkyl sulfate (C12-14) production	GLO
324	market for alkyl sulfate (C12-14)	GLO
325	alkylbenzene sulfonate production, linear, petroch	RoW
326	alkylbenzene sulfonate production, linear, petroch	RER
327	market for alkylbenzene sulfonate, linear, petroch	GLO
328	alkylbenzene production, linear	CA-QC
329	alkylbenzene production, linear	RoW
330	alkylbenzene production, linear	RER
331	market for alkylbenzene, linear	GLO
332	alkylketene dimer sizing agent production, for pap	RoW
333	alkylketene dimer sizing agent production, for pap	RER
334	market for alkylketene dimer sizing agent, for pap	RoW
335	market for alkylketene dimer sizing agent, for pap	RER
336	allyl chloride production, reaction of propylene and	RoW
337	allyl chloride production, reaction of propylene and	RER
338	market for allyl chloride	RoW
339	market for allyl chloride	RER
340	almond production	CN
341	almond production	RoW
342	almond production	US
343	market for almond	GLO
344	alpha-naphthol production	RoW
345	alpha-naphthol production	RER
346	market for alpha-naphthol	GLO
347	alpha-picoline production	RoW
348	alpha-picoline production	RER
349	market for alpha-picoline	GLO
350	alumina saggar production	GLO
351	market for alumina saggar	GLO
352	aluminium alloy production, ALi	CA-QC
353	aluminium alloy production, ALi	RoW
354	market for aluminium alloy, ALi	GLO
355	aluminium alloy production, AIMg3	RoW
356	aluminium alloy production, AIMg3	RER
357	market for aluminium alloy, AIMg3	GLO
358	aluminium alloy production, Metallic Matrix Compo	CA-QC
359	aluminium alloy production, Metallic Matrix Compo	RoW
360	market for aluminium alloy, metal matrix composit	GLO
361	aluminium around steel bi-metal stranded cable p	CA-QC

362	aluminium around steel bi-metal stranded cable p	RoW
363	market for aluminium around steel bi-metal strand	GLO
364	aluminium around steel bi-metal wire production,	CA-QC
365	aluminium around steel bi-metal wire production,	RoW
366	market for aluminium around steel bi-metal wire,	GLO
367	aluminium casting facility construction	RoW
368	aluminium casting facility construction	RER
369	market for aluminium casting facility	GLO
370	aluminium chloride production	GLO
371	market for aluminium chloride	GLO
372	aluminium collector foil production, for Li-ion batte	GLO
373	market for aluminium collector foil, for Li-ion batter	GLO
374	aluminium electrolysis facility construction	RoW
375	aluminium electrolysis facility construction	RER
376	market for aluminium electrolysis facility	GLO
377	aluminium fluoride production	RoW
378	aluminium fluoride production	RER
379	market for aluminium fluoride	GLO
380	aluminium hydroxide production	CN
381	aluminium hydroxide production	IAI Area, As
382	aluminium hydroxide production	IAI Area, EU
383	aluminium hydroxide production	IAI Area, Ru
384	aluminium hydroxide production	IAI Area, So
385	aluminium hydroxide production	RNA
386	aluminium hydroxide production	RoW
387	aluminium hydroxide production	UN-OCEANI
388	market for aluminium hydroxide	GLO
389	aluminium hydroxide factory construction	RoW
390	aluminium hydroxide factory construction	RER
391	market for aluminium hydroxide factory	GLO
392	market for aluminium in car shredder residue	CH
393	market for aluminium in car shredder residue	RoW
394	treatment of aluminium in car shredder residue, m	GLO
395	treatment of aluminium in car shredder residue, m	CH
396	aluminium melting furnace production	RoW
397	aluminium melting furnace production	RER
398	market for aluminium melting furnace	GLO
399	aluminium oxide factory construction	RoW
400	aluminium oxide factory construction	RER
401	market for aluminium oxide factory	GLO
402	aluminium oxide production	CN
403	aluminium oxide production	IAI Area, As
404	aluminium oxide production	IAI Area, EU
405	aluminium oxide production	IAI Area, Ru
406	aluminium oxide production	IAI Area, So
407	aluminium oxide production	RNA
408	aluminium oxide production	UN-OCEANI
409	aluminium oxide, metallurgical, import from North	IAI Area, EU
410	aluminium oxide, metallurgical, import from Rest c	IAI Area, EU
411	aluminium oxide, metallurgical, import from South	IAI Area, EU
412	market for aluminium oxide, metallurgical	RoW
413	market for aluminium oxide, metallurgical	IAI Area, EU
414	aluminium oxide production	CN
415	aluminium oxide production	IAI Area, As

416	aluminium oxide production	IAI Area, EU
417	aluminium oxide production	IAI Area, Ru
418	aluminium oxide production	IAI Area, So
419	aluminium oxide production	RNA
420	aluminium oxide production	UN-OCEANI
421	market for aluminium oxide, non-metallurgical	RoW
422	market for aluminium oxide, non-metallurgical	IAI Area, EU
423	treatment of aluminium scrap, new, at refiner	RoW
424	treatment of aluminium scrap, new, at refiner	RER
425	treatment of aluminium scrap, post-consumer, pre	RoW
426	treatment of aluminium scrap, post-consumer, pre	RER
427	aluminium drilling, computer numerical controlled	RoW
428	aluminium drilling, computer numerical controlled	RER
429	market for aluminium removed by drilling, comput	GLO
430	aluminium drilling, conventional	RoW
431	aluminium drilling, conventional	RER
432	market for aluminium removed by drilling, convent	GLO
433	aluminium milling, average	RoW
434	aluminium milling, average	RER
435	market for aluminium removed by milling, average	GLO
436	aluminium milling, dressing	RoW
437	aluminium milling, dressing	RER
438	market for aluminium removed by milling, dressing	GLO
439	aluminium milling, large parts	RoW
440	aluminium milling, large parts	RER
441	market for aluminium removed by milling, large pa	GLO
442	aluminium milling, small parts	RoW
443	aluminium milling, small parts	RER
444	market for aluminium removed by milling, small pa	GLO
445	aluminium turning, average, computer numerical c	RoW
446	aluminium turning, average, computer numerical c	RER
447	market for aluminium removed by turning, average	GLO
448	aluminium turning, average, conventional	RoW
449	aluminium turning, average, conventional	RER
450	market for aluminium removed by turning, average	GLO
451	aluminium turning, primarily dressing, computer n	RoW
452	aluminium turning, primarily dressing, computer n	RER
453	market for aluminium removed by turning, primari	GLO

System 1: Robusta coffee, DK electricity

Data
Number of days per year
Nº.of coffee drinkers per household
Nº.of coffee per person per day (#cup/pers-d)
Lifespan of Coffee maker (Yr)
Coffee maker lifespan (#cup over lifetime)
Weight of coffee maker

List of Processes
Manufacturing (Materials + Processing)
Coffee green beans production robusta, ROW (11.5g)
Heat from natural gas for coffee roasting
Electricity for coffee roasting, DK
Coffee machine (1 unit of 3 kg)
Paper Cup (8g paper)
Packaging (capsule 2g alu - aluminium)
Transportation
Coffee, transport, freight, lorry 16-32 metric ton (3500 km)

Coffee transport, freight, sea, container ship, (4500 km)
Use phase
Tap water (0.1 L/cup)
Electricity hot water (0.12kWh/L)
Stand-by electricity (0.028 kWh/cup)
Disposal
Aluminium sent to sanitary landfill
Coffee maker as plastic mixture incineration
Paper cup sent to incineration
Avoided heat paper and plastic incineration
Avoided electricity paper and plastic incineration

System 2: Robusta coffee, Hard coal electric

Data
Number of days per year
N°.of coffee drinkers per household
N°.of coffee per person per day (#cup/pers-d)
Lifespan of Coffee maker (Yr)
Coffee maker lifespan (#cup over lifetime)
Weight of coffee maker

List of Processes
Manufacturing (Materials + Processing)
Coffee green beans production robusta, 11.5g, RoW
Heat from natural gas for coffee roasting
Electricity for coffee roasting hard coal, DE
Coffee machine (1 unit of 3 kg)

Paper Cup (8g paper)
Packaging (capsule 2g alu - aluminium)
Transportation
Coffee, transport, freight, lorry 16-32 metric ton (3500 km)
Coffee transport, freight, sea, container ship, (4500 km)
Use phase
Tap water (0.1 L/cup)
Electricity hot water (0.12kWh/L) production mix US
Stand-by electricity (0.028 kWh/cup)
Disposal
Aluminium sent to sanitary landfill
Coffee maker as plastic mixture incineration
Paper cup sent to incineration
Avoided heat paper and plastic incineration
Avoided electricity paper and plastic incineration

System 3: Robusta coffee, EU mix

Data
Number of days per year
N°.of coffee drinkers per household
N°.of coffee per person per day (#cup/pers-d)
Lifespan of Coffee maker (Yr)
Coffee maker lifespan (#cup over lifetime)
Weight of coffee maker

List of Processes
Manufacturing (Materials + Processing)

Coffee green beans production robusta (11.5g)
Heat from natural gas for coffee roasting
Electricity for coffee roasting Europe mix
Coffee machine (1 unit of 3 kg)
Paper Cup (8g paper)
Packaging (capsule 2g alu - aluminium)
Transportation
Coffee, transport, freight, lorry 16-32 metric ton (3500 km)
Coffee transport, freight, sea, container ship, (4500 km)
Use phase
Tap water (0.1 L/cup)
Electricity hot water (0.12kWh/L) production mix US
Stand-by electricity (0.028 kWh/cup)
Disposal
Aluminium sent to sanitary landfill
Coffee maker as plastic mixture incineration
Paper cup sent to incineration
Avoided heat paper and plastic incineration
Avoided electricity paper and plastic incineration

System 4: Robusta coffee, Photovoltaic elec

Data
Number of days per year
N°.of coffee drinkers per household
N°.of coffee per person per day (#cup/pers-d)
Lifespan of Coffee maker (Yr)
Coffee maker lifespan (#cup over lifetime)
Weight of coffee maker

List of Processes
Manufacturing (Materials + Processing)
Coffee green beans production robusta (11.5g)
Heat from natural gas for coffee roasting
Electricity for coffee roasting, photovoltaic, DK
Coffee machine (1 unit of 3 kg)
Paper Cup (8g paper)
Packaging (capsule 2g alu - aluminium)
Transportation
Coffee, transport, freight, lorry 16-32 metric ton (3500 km)
Coffee transport, freight, sea, container ship, (4500 km)
Use phase
Tap water (0.1 L/cup)
Electricity hot water (0.12kWh/L) production mix US
Stand-by electricity (0.028 kWh/cup)
Disposal
Aluminium sent to sanitary landfill
Coffee maker as plastic mixture incineration
Paper cup sent to incineration
Avoided heat paper and plastic incineration
Avoided electricity paper and plastic incineration

System 5: Robusta coffee, Wind electricity

Data
Number of days per year
Nº.of coffee drinkers per household
Nº.of coffee per person per day (#cup/pers-d)

Lifespan of Coffee maker (Yr)
Coffee maker lifespan (#cup over lifetime)
Weight of coffee maker

List of Processes
Manufacturing (Materials + Processing)
Coffee green beans production robusta (11.5g)
Heat from natural gas for coffee roasting
Electricity for coffee roasting, Wind, DK
Coffee machine (1 unit of 3 kg)
Paper Cup (8g paper)
Packaging (capsule 2g alu - aluminium)
Transportation
Coffee, transport, freight, lorry 16-32 metric ton (3500 km)
Coffee transport, freight, sea, container ship, (4500 km)
Use phase
Tap water (0.1 L/cup)
Electricity hot water (0.12kWh/L) production mix US
Stand-by electricity (0.028 kWh/cup)
Disposal
Aluminium sent to sanitary landfill
Coffee maker as plastic mixture incineration
Paper cup sent to incineration
Avoided heat paper and plastic incineration
Avoided electricity paper and plastic incineration

System 6: Arabica coffee, Wind electricity

Data
Number of days per year
N°.of coffee drinkers per household
N°.of coffee per person per day (#cup/pers-d)
Lifespan of Coffee maker (Yr)
Coffee maker lifespan (#cup over lifetime)
Weight of coffee maker

List of Processes
Manufacturing (Materials + Processing)
Coffee green beans production arabica, BR-MG, median value
Heat from natural gas for coffee roasting
Electricity for coffee roasting, Wind, DK
Coffee machine (1 unit of 3 kg)
Paper Cup (8g paper)
Packaging (capsule 2g alu - aluminium)
Transportation
Coffee, transport, freight, lorry 16-32 metric ton (3500 km)
Coffee transport, freight, sea, container ship, (4500 km)
Use phase
Tap water (0.1 L/cup)
Electricity hot water (0.12kWh/L) production mix US
Stand-by electricity (0.028 kWh/cup)
Disposal
Aluminium sent to sanitary landfill
Coffee maker as plastic mixture incineration
Paper cup sent to incineration
Avoided heat paper and plastic incineration
Avoided electricity paper and plastic incineration
